

INVEST IN FCHS GIRLS BASKETBALL

2026-27 DONOR & COMMUNITY SUPPORT PACKET

Support the Players. Invest in the Experience. Build the Future.

Why This Program Is Worth Supporting

Fort Collins High School Girls Basketball is building more than a winning team. We are working to create a program that gives young women an exceptional high school experience, develops confidence and leadership, builds lifelong relationships, and represents Fort Collins High School and our community with pride.

The 2025-26 season showed what is possible when talented student-athletes, committed coaches, families, alumni, and community supporters work toward a shared vision. Now, as we enter 2026-27, we have an opportunity to build on that momentum and create a sustainable foundation for future generations of Lambkins.

A Program With Momentum

17-8	11-1	+10 WINS
2025-26 OVERALL	LEAGUE RECORD	YEAR-OVER-YEAR IMPROVEMENT
CONFERENCE	PLAYOFF WIN	SWEET 16
CO-CHAMPIONS	FIRST SINCE 2018	FIRST SINCE 2012

After a 7-16 season the year before, the Lambkins improved to 17-8 in 2025-26 - a 10-win turnaround. Fort Collins went 11-1 in league play, earned a share of the Northern Conference championship, won a playoff game for the first time since 2018, and reached the Sweet 16 for the first time since 2012.

The season also brought individual recognition and increased visibility for the program. Six players earned Northern League All-Conference honors, multiple individual and program records were broken, the team was featured multiple times by The Coloradoan, and Head Coach Carson Huelle was named The Coloradoan's Girls Basketball Coach of the Year.

YOUR DONATION CREATES OPPORTUNITY

A successful high school program requires resources beyond a traditional athletic budget. Booster Club support helps us turn good ideas into real opportunities for our student-athletes.

PLAYER DEVELOPMENT Summer team camps, tournaments, offseason competition, training resources, basketballs and equipment.	TEAM EXPERIENCE Meals, hydration, team gear, team-building activities, senior recognition and special experiences.
TRAVEL & COMPETITION Transportation and expenses connected to camps, tournaments, postseason play and unique events.	PROGRAM GROWTH Technology, video resources, equipment upgrades, alumni engagement and investments that benefit future Lambkins.

More Than Basketball

Donating to FCHS Girls Basketball is an investment in young women. Through athletics, our players learn to lead, communicate, compete, respond to adversity, be accountable to teammates, and represent something bigger than themselves. We want every athlete to leave our program with greater confidence, stronger relationships, and habits that serve her long after her final game.

CONFIDENCE	LEADERSHIP	ACCOUNTABILITY	TOGETHERNESS
------------	------------	----------------	--------------

Building on 2025-26

The 2026-27 season gives our program another chance to raise the standard. One example is the opportunity to play crosstown rival Fossil Ridge at Moby Arena on the campus of Colorado State University. Experiences like this can become lasting memories for our players and showcase girls basketball to the broader Fort Collins community.

Our goal is not to fund one successful season. It is to build a program that can consistently provide meaningful opportunities, compete at a high level, connect generations of Lambkins, and give future players an even stronger experience than the one before them.

CHOOSE YOUR LEVEL OF IMPACT

Every contribution matters. Our White, Purple and Gold donor levels represent increasing opportunities to support today's players while strengthening the future of the program.

WHITE

SUPPORT THE PLAYERS

White Level donors help provide the everyday essentials that keep our program moving forward - basketballs, training equipment, meals, hydration, practice resources and other recurring player needs. When many supporters contribute at this level, those gifts combine to make a meaningful difference across an entire season.

PURPLE

INVEST IN THE EXPERIENCE

Purple Level donors help create opportunities beyond the daily necessities of a season. Support at this level can help with summer camps, tournaments, travel, player development, technology, team gear and team-building experiences. These investments help our athletes improve, compete together and create memories that last.

GOLD

BUILD THE FUTURE

Gold Level donors make a significant investment in the long-term growth of FCHS Girls Basketball. These gifts can support larger program initiatives, equipment upgrades, travel, special events, summer opportunities and resources that benefit athletes across multiple levels. Gold support helps turn one season of momentum into a sustainable program.

Why Now?

Because there is real momentum to build on. A team that went 7-16 improved to 17-8. Fort Collins went 11-1 in league play and shared a conference championship. The program returned to the playoff win column and the Sweet 16. Players earned recognition, records were broken, and the community took notice.

We do not want to simply celebrate that momentum. We want to build on it. Your support helps us provide a first-class experience for today's athletes while creating a stronger foundation for the players who will wear Fort Collins across their chest in the years ahead.

BE PART OF WHAT WE'RE BUILDING

**WHITE - Support the Players | PURPLE - Invest in the Experience | GOLD
- Build the Future**

Thank you for considering an investment in Fort Collins High School Girls Basketball.

2026-27 DONOR TIERS
