

Boettcher Scholarship Information

The 2021 Boettcher Foundation Scholarship application opened on **September 1!**

High school seniors who meet the application requirements are invited to apply directly through the scholarship website: www.boettcherfoundation.org

The application deadline is November 1 at 5:00 PM.

Because the application process is competitive and time-consuming, we encourage students to visit the *Application Process, Eligibility & Selection Criteria* page and take the *Senior Competitiveness Quiz*. This will help you make informed decisions about whether or not to apply.

New this year:

Boettcher has moved to a test-optional application for the class of 2021. Boettcher still encourages applicants to submit test scores, if possible, as that will be one more piece of data they will consider in the application review process. That noted, they emphasize that the test score will be just one of the many factors they consider in their holistic application review. While the application deadline will continue to be November 1, they have set a separate deadline of December 7 for applicants to submit test scores.

Please get in touch with your counselor asap if you decide to apply for the Boettcher Foundation Scholarship. The application process is a time-consuming one for both students and counselors – an early start is essential to your success.
